American Trails ADVANCING TRAILS WEBINAR SERIES

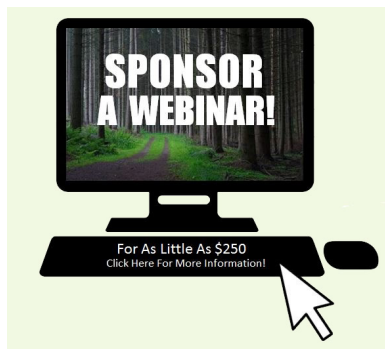

American Trails is continuing to be on the cutting-edge when it comes to bringing agencies, trailbuilders, advocates, and volunteers the latest in state-of-the-art information on all aspects of trails and greenways. Our Advancing Trails Webinar Series and our dynamic topics help fill the trails training void created by agency budget cuts and travel restrictions.

An American Trails webinar typically lasts an hour and a half and includes at least 15 minutes for Q&A at the end. Our webinars focus on very specific cutting-edge trail topics and usually include one to three presenters skilled on the topic.

All webinars are recorded and can be purchased at a later date to view at your convenience. View our archived webinar recordings [here](#).

CLOSED CAPTIONING: We are offering closed captioning for our webinars, thanks to a partnership with [Caption Colorado](#). If you are in need of this service, please **email** us prior to the webinar. An unedited transcript will be sent to all attendees following each webinar.

SPONSOR A WEBINAR! Your support of only \$250 per webinar will help improve the sustainability of the trails that YOUR customers/members walk or ride on. [Learn more...](#)
