

PAHRUMP TOWN BOARD

BILL NO. 87-1

R E S O L U T I O N

WHEREAS, the Pahrump Town Board is responsible for the general safety, health, well being and protection of the citizens of the unincorporated Town of Pahrump; and

WHEREAS, a site selection committee has been appointed, by the U. S. Ecology Department, to investigate and make recommendations on the choice of a proposed site for the purpose of storing the low-level radioactive waste of the great State of California; and

WHEREAS, one of the proposed sites is located in Southern Pahrump Valley, which is located in the great State of Nevada as well as the great State of California; and

WHEREAS, the Pahrump Town Board is greatly concerned that the placement of another waste site near the unincorporated Town of Pahrump will be detrimental to the future growth of the unincorporated Town of Pahrump; and

WHEREAS, the unincorporated Town of Pahrump, is located in Southern Nye County, Nevada; and

WHEREAS, Nye County, Nevada, presently houses the Nevada Test Site and the Beatty hazardous waste site both located within it's southern boundaries; and

WHEREAS, the Yucca Mountain has been chosen as a possible site for the National Waste Repository, and Yucca Mountain is also located in Southern Nye County; and

WHEREAS, the problem of pollution and contamination of Pahrump Valley's underground water supply is of great concern; and

WHEREAS, the continued natural growth of the fastest growing community in the Great State of Nevada, the unincorporated Town of Pahrump, may be jeopardized; and

WHEREAS, all of Pahrump Valley is located in a Flood Zone according to the United States of America's Corp of Engineers; and

WHEREAS, the proposed site in Pahrump Valley is located within the Cranston Wilderness scenic area; and

WHEREAS, there does exist a fault line running through the area; and

WHEREAS, the building of said site on an alluvial fan as proposed by the Committee will involve the building of a dike to forestall flooding from run off waters; and

WHEREAS, the building of a dike will cause diversion of run off waters causing flooding in other areas and jeopardizing residents and their property; and

WHEREAS, there does exist other site areas for the Committee of the U. S. Ecology to choose from;

NOW, THEREFORE, the Pahrump Town Board of the unincorporated Town of Pahrump, Nye County, Nevada, does;

HEREBY, request that the said Site Committee remove Pahrump Valley from the list of candidate sites to house the proposed low-level Radio-Active Waste Repository Site in the interest of the health, safety and protection of the residents; and in the interest of the future growth of Pahrump Valley, both in Nye County, Nevada and Inyo County, California.

DATED this 16th day of January, 1987.
